**CTE Enrollment Trends - Duplicated** 

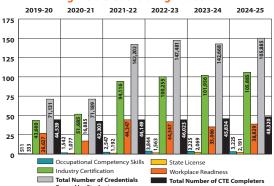

In the 2024-2025 school year, 270,610 CTE students enrolled in one or more CTE courses, totaling 686,675 students.

#### Pass Rates of Exams Attempted vs. Earned

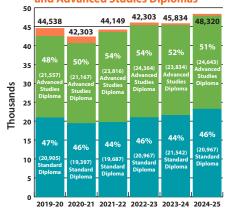

**Note:** Totals include multiple exams attempted/earned by individual students. The cost of credentialing tests ranges from \$3 to nearly \$300 per test.

### Virginia's Credentialing Initiative

High schools report the number of credentials earned by students for passing occupational competency assessments, state licensure examinations, industry certification examinations, and workplace readiness skills assessments.

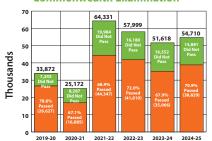

# **Completers Graduated with Standard** and Advanced Studies Diplomas

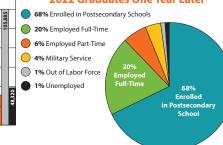

Over the past six consecutive years, **98%** or more CTE completers graduated high school with a Standard or Advanced Diploma.

Beginning in 2013-2014, first-time ninth-grade students (the graduating class of 2017) are required to earn a Board-approved career and technical education credential to graduate with a Standard Diploma.

# Virginia Connecting Education and Careers

The Virginia Association for Career and Technical Education (Virginia ACTE) provides leadership in developing an educated, prepared, adaptable, and competitive workforce. Members include educators, business partners, parents, administrators, and others committed to expanding opportunities for Career and Technical Education.

# **VISION**

The Virginia ACTE is the organization that advocates for, supports, and serves all aspects of Career and Technical Education for the benefit of education and the economy in the Commonwealth of Virginia.

# **MISSION**

The Virginia ACTE is dedicated to expanding relevant and rigorous career and technical education programs, enhancing leadership among its members, and influencing public policy for the benefit of career and technical education students and professionals and developing a competitive workforce in the Commonwealth of Virginia.

# **STRATEGIES**

- 1. Ensure all students have the opportunity to be career ready through all levels of education and training.
- 2. Continue to influence state-of-the-art career and technical education programs throughout Virginia.
- 3. Provide professional development and leadership opportunities for career and technical education teachers and administrators.
- Influence and support public policy initiatives that enhance and benefit career and technical education in Virginia.
- 5. Strengthen the organization through increased active membership.
- 6. Inform all members of educational initiatives and national and state public policies that affect career and technical education.
- 7. Communicate critical needs of career and technical education to policymakers, parents, business and industry, students, and communities.
